**Course Description:** Anatomy and Physiology is the study of the systems of the human body. In this class you will learn about homeostatic balance, the relationship between the structures and functions of the body, and the interrelationships between body systems. This class is recommended for students who are interested in a career in the health field, such as: nursing, physical therapy, athletic training, and sports medicine.

**Required Materials:**
- Black/Blue pens
- RED pens
- Expo Markers
- Composition Notebook
- Graphing Composition Notebook
- Colored Pencils
- Loose leaf paper

**Text:** Introduction to Anatomy and Physiology (Hall, Provost-Craig, Rose)

**Online Companion Website:** [http://www.g-wlearning.com/healthsciences/](http://www.g-wlearning.com/healthsciences/)

**Classroom Rules:** The rules below are expected to be followed in order to maintain a positive learning environment for all students.

1. Be on time and prepared for class.
2. Respect the teacher and fellow classmates
3. Do your best and participate with a positive attitude.

**Discipline:**

- Level 1: Verbal warning
- Level 2: Removal from activity
- Level 3: Detention + conference with parent/guardian
- Level 4: Detention + conference with Dean of Students/Principal

**Grading Scale:**

<table>
<thead>
<tr>
<th>Grade Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100%</td>
<td>A</td>
</tr>
<tr>
<td>80-89%</td>
<td>B</td>
</tr>
<tr>
<td>70-79%</td>
<td>C</td>
</tr>
<tr>
<td>60-69%</td>
<td>D</td>
</tr>
<tr>
<td>0-59%</td>
<td>F</td>
</tr>
</tbody>
</table>

Participation = 10% of grade
Homework and Classwork = 20% of grade
Labs = 30% of grade
Tests and Quizzes = 40% of grade
**Student Expectations:**

➲ **Participation:** Students are expected to be prepared for class and participate in a productive manner, as outlined in the student handbook.

➲ **Attendance:** If students are absent from class it is their responsibility to request make-up work the day they return to school. Notes must be obtained from a fellow student. Students have as many days to complete make-up work as they were absent (ex. If a student is absent one day then they have one day to turn in make-up work). It is the sole responsibility of the student to remember to turn it in. Failure to request or submit make-up work will result in a zero for those missed assignments.

➲ **Written Tests and Assignments:** Written tests and assignments will be given on material taught in class or from assigned readings. Students will be told of test days in advance, and will be expected to come prepared with a pen or pencil. There are no retakes on written exams. There will be a comprehensive final at the end of each semester. All students are responsible for keeping quizzes and notes done in class in order to study for the finals.

- **Bell Work:** Students will be required to complete bell work at the beginning of each class. This work should be done silently and in the composition notebook.

- **Homework:** Homework will be assigned periodically, however it is expected that students study the material learned in class each day at home. This will ensure greater retention of material, and success on quizzes and tests. Late work will only receive 50% of the possible original score. Plagiarism of a peer’s work, book, website, or other source is considered cheating and will not be tolerated.

- **Labs:** Students will conduct a variety of lab activities throughout the year. Some labs will require formal lab write-ups (as instructed in class), and some will simply require submission of lab worksheets.

*The information in this document is subject to change as the course progresses.*

I have read and understand the information presented above.
